BODY

A. There is another reference & prophecy concerning this state of Judah. Luke 19:41, 44

2. Blindness to present opportunity
= Future desolation

what about Judas? Agrippa?

B. Three things are related here

1. The things that belong to thy peace ...

(a) Some of the Pharisees thought length of their phylacteries and prayers - number of their knees washings ... not that which gets in ... but defileth

(b) Some people today ... demerit of Navy or Army ... good government & power religion ... Thess 5:2 ... Rom 5:1 ... John 14:27

2. If thou hadst known - at least in this way there is a time when we can know.

(a) Why did Israel not know?

- ignorant of God's Word ...

= turned their back on it & listened to tradition

(b) Men & women - the same condition exists today

3. Now they are hid from thine eyes

It is possible to ruin our Spiritual Conscience

(a) - Many have ruined eyesight - in darkened conditions - why not come into the light of Saul King - Samson
